Full Description

Available immediately

This stunning 2 bedroom apartment has been created as part of a larger renovation of two Georgian properties, only a minutes walk from Sainsbury's in Fallowfield. As you would expect from such a conversion the apartment benefits from period features such as high ceilings and huge bay windows to the front of the property. New additions include a modern kitchen with appliances including a dishwasher and washing machine, wooden floors, double glazing in the bedrooms and modern furnishings including leather sofa, dining table and chairs and wide screen TV.

This apartment would be perfect for a group of students or young professionals.
